HERE WE GO AGAIN after a welcome respite from the regular routine, known lovingly as a "vacation."

The trouble is, of course, that our recess wasn't half long enough.

We were just beginning to unwind when it was time to come back.

Besides there is so much going on in our burg that we didn't want to miss anything.

And, unfortunately, we thought about it all the time we were gone.

We had to wait until last Friday to read The Campbell Press. That's when Wednesday's paper arrived in Fresno at our in-laws.

We almost knocked the mailman down in our rush to see what had happened in our absence from Campbell, according to the word of our gal Sally Howe.

We thoroughly enjoyed Dean Chamberlin's rendition of "out on the limb." He did an outstanding job. Where we slipped up is not having someone do this week's column also.

On the other hand, we don't want you getting spoiled by quality.

You just have to take potluck most of the time and hope, periodically, some guy like Dean will take his typewriter in hand and thus put this column on a higher plane .....temporarily.

But back to the nitty-gritty.

-0-

EVEN BEING OUT OF town didn't keep us from being clobbered in the letters-to-the-editor in last week's issue.

Still in all, in sort of a masochist way, reading those letters in Fresno in the comfortable home of Opal and Kenny, our sister-in-law and brother-in-law, gave us sort of a warm feeling.

"Warm" is a relative term. Our Dorothy thought "red hot" was more apropos. And you can take that any way you want.

You may recall that Mrs. Dorothy Mitchell in a letter suggested that "in the future, Mr. Vierhus, leave your cheerleading to the sports field and not submit to your over-emotional outbursts at any forthcoming meeting."

-0-

LET'S GET THE RECord straight, Mrs. Mitchell.

The editor of this newspaper IS emotionally upset over the antics of the three trustees who demoted Neal Royer. We think it was a hatchet job of the worst kind, demeaning in nature and vicious and malicious in intent.

We have never laid claim to being a stoic. We have long recognized that our nature is such that we will make our feelings known, publicly or privately, as the case may be.

And we don't mind a bit "cheerleading" in public, if it helps make our position known.

We happen to have a big stake in this community. Just everything we have. Period.

We do get involved and we are concerned over vital issues.

And our slip wasn't showing that night.

It was meant thataway.

-0-

BUT, LET'S GET SOMEthing else crystal clear while we are about it.

The Campbell Press prides itself on factual reporting.

No matter how involved emotionally we may have been in any situation, we defy any one to present one shred of evidence showing that the news stories that have appeared have been anything but factual.

Of course, we let our hair down in this column.

And, obviously, the editorials in this paper present a

Strife-torn CUSD board performs before overflow crowd at meeting

Trustees take no action on citizens financial report

By Sally Howe

A "standing-room-only" crowd jammed into the multi-purpose room of Monroe School Thursday night to hear the report of the Campbell Union School District's Citizens Advisory Finance Committee whose preliminary report, coupled with the demotion of Neal Royer, had touched off a citizens recall movement against trustees Eleanor Graham-Armstrong and Ralph Steinberg.

Audience emotions ran high during the meeting, and at one point, a sixth grade teacher at San Tomas School, Joe Raco, arose to chastise the board for their actions.

Trustee Judy Ruscigno suggested that members of the board who had voted to oust Royer should prefer formal charges.

Trustee Ralph Steinberg replied that it would not be proper to reveal the information, on advice of county counsel. Steinberg added that Royer could release the board from the confidence if he wished.

Copies of the Citizens' Advisory Finance Committee report were passed out to the trustees and audience but no comment from Ken Burmeister, chairman of the committee, accompanied it.

Prior to the report, Gordon Martin, representative from the West Valley Federation of Teachers, asked for an opportunity to speak.

Martin asked the board to discount the report because of "misstatements" in the press and other statements in regard to the business manager which had never been publicly disavowed.

Several other comments regarding district finances were made by board members and the audience.

In a policy committee report, made by Bob Lemmerman, reference was made to a $1000 revolving fund which the policy committee recommended be set by the board.

A member of the audience arose from the floor and pointed out that the citizens advisory finance committee had already noted that the fund was already $2000.

A reference to a "federal investigation" was made by Mrs. Ruscigno asking if she should be informed by other board members of any investigation other than one by postal authorities so "that the public doesn't think we (the board) are being investigated.

Other lengthy discussions included one of the purchase of an NCR machine, during which a number of unidentified persons in the audience became involved.

Trustee James Gilliland, silent through much of the meeting, made a motion that any contracting for bids be done with the usual bonding and lien period procedures, an item which the citizens finance committee had also recommended in their report.

The CAFC report covered budget revenues and expenditures, a survey of personnel and salaries, future requests for funds (salaries, and related costs, principally); bidding procedures; and a six point itemization of problems, including public reluctance to supply additional funds from property taxation.

The report also discussed tax implications, recommending that a tax election will be necessary before June 30, 1972 to maintain current income.

A motion by Mrs. Ruscigno to dissolve the committee was withdrawn. A second motion by Mrs. Ruscigno to commend the committee was accepted.

Recall group gets petitions out to citizens

Petitions to recall two trustees of the Campbell Union School District that were displayed at a citizens recall meeting held at Rosemary School last Friday night and were being distributed throughout the district this week as the campaign got under way to obtain 7000 signatures.

Bob Bullard, president of the chamber of commerce and a non-resident of the district, presided Friday and read from Roberts Rules of Order, revised, as to the stated purpose of a mass meeting.

He specifically referred to the sections which directed the chairman to hear comments and questions only from those members of the audience who were in sympathy with the stated purpose of the meeting, which last Friday was the recall of trustees Eleanor Graham-Armstrong and Ralph Steinberg.

Bullard explained that he had been called in as an independent consultant by the Citizens Finance Committee and that his presence at the meeting was only as an interested person.

The stated purpose of the meeting, he said, was "to hear the report of the steering committee for recall" and that no legislative action except to adjourn the meeting would be acted upon.

W. Dale Hume, chairman of the recall committee, reported on the work of the steering committee. He said that they had met five times during the past two weeks and that individual members had researched every possible

An appeal

Several weeks ago two year old Elizabeth Erchinger was hit by a car at Campbell Ave. and Foote St. The youngster has since remained in serious condition.

One of the items in her possession at the time of the accident was a straw purse, containing what her father terms "stick dolls." Since her confinement to the hospital, she has asked for these toys and Erchinger feels that her progress might be better could they be located. Anyone having any information is asked to contact the Campbell Police Department.

Gomes tract map concerns planners

Action on the proposed subdivision map for the former Gomes Ranch property on which it is planned to construct 88 four-plexes is scheduled by the Planning Commission for next Monday, Nov. 2.

The hearing on the application for the subdivision had been continued from the Oct. 5 meeting. The continuation was to allow time for City Attorney Joe Bonacina to research the question of whether the Planning Commission has authority to reject the application because the four-plex project was of lower density than that called for in that particular area in the master plan.

The area is now zoned R-3-S and originally plans for a plush town-house complex had been submitted.

On next Monday's agenda for the Planning Commission also is the application of Kunkel-Thomas for a zone change for property at the southeast corner of Sunnyoaks and Virginia on which a residential development is proposed. Residents of the adjacent areas have shown interest and concern in the development.

The applicants are requesting PD (planned development) zoning for the area now zoned R-1. A previous application for duplexes was turned down. City planning officials have indicated some concern over the proposed lot sizes of the new proposal.

On the agenda also is a request to increase the previously approved 47-unit development of Corinthian House Inc. on Budd Ave. to 71 units. The 47-unit project of the Christian Science Church was approved in January of this year.

The Planning Commissioners are also scheduled to continue with their discussion on the proposed text amendment that would permit more narrow streets in subdivisions than are now allowed under the present city standards.

Two other zone change matters will be before the Commission. Alexander Szucs is asking for a zone change from R-1 to R-2-3 on property at 268 W. Rincon and Freddie Lloyd, Jr., is seeking a zone change from R-1 to R-M for property at 966 Crockett.

City approves settlement for Stroppa property on Harrison

A long-drawn out hassle over the acquisition of the Ray Stroppa property on Harrison Ave. needed by the city for the new library ended last week when the City Council approved the purchase of the parcel for $52,250.

The Council approval was based on the recommendation of City Attorney Joe Bonacina. Bonacina pointed out that the acceptance of the figure would avoid court costs and attorney fees that would be necessary if the City continued with its litigation.

At the Oct. 20 meeting the Council approved the Campbell JayCee civic project for two new entrance signs (one on San Tomas Expressway at Los Gatos Creek and the other on Winchester near Division).

The location of the third sign will be determined after Hamilton Ave. is widened.

The new signs will be the same type as the one that was designed and constructed by the JayCees and now is located on Hamilton Ave.

Al Blaine, president of the JayCees, and Mike Kennedy, project chairman, presented the proposal to the Council.

At the same meeting, the City Council approved the purchase of four patrol cars through the State of California. Police Chief John Morgan in his report to the City Council said that the state bid exceeded the budget allocation by $1135 but that savings could be realized through the purchase of other equipment, He pointed out that a $700 saving had already been realized on the purchase of a motorcycle.

In a related police matter, on the recommendation of Chief Morgan, the Council authorized the purchase from General Electric of communication equipment for the po-

TO RESIGN—Joseph A. Bonacina, Campbell's first and only city attorney, has submitted his resignation to the City Council to be effective Dec. 31, 1970. Bonacina has served continuously as this city's legal counsel since April, 1952, one month after Campbell was incorporated.

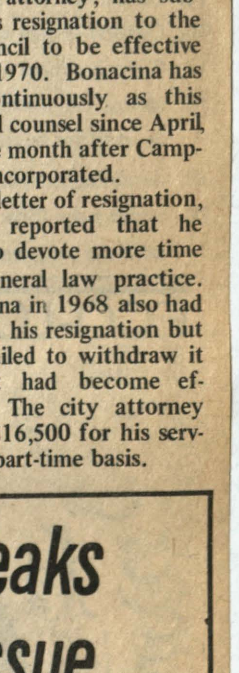
In his letter of resignation, Bonacina reported that he wanted to devote more time to his general law practice.

Bonacina in 1968 also had submitted his resignation but was prevailed to withdraw it before it had become effective. The city attorney receives $16,500 for his services on a part-time basis.

Civic leader speaks out on school issue

EDITORS NOTE: The following letter from Homer Hyde we consider worthy of front page notice, if for no other reason than it helps put into focus the situation that now exists in the Campbell Union School District.

Hyde, a life-time resident of Campbell and a graduate of the Campbell schools and Stanford University, served more than 10 years as a member of the Planning Commission and six years on the City Council including one term as mayor.—G.V.



HOMER HYDE

Dear George:

I am writing you in order to clarify my position which I outlined in a letter that I submitted to the committee that has been organized for the recall of Ralph Steinberg and Mrs. Eleanor Graham-Armstrong, present members of the board of trustees of the Campbell Union School District.

I was unable to attend the recall meeting but the letter I submitted was read and is now a matter of record.

In my letter I pointed out that the steering committee should be commended for the tremendous amount of work the group had done toward pinpointing the problems that exist in the district. I also suggested that the original steering committee continue as the recall committee.

It is my personal feeling that, regardless of the specifics of the problems pertaining to personnel, financial, and board member differences; the Elementary School District Board, as presently constituted, have cast a very real cloud on their ability to function as a unit and therefore their ability to adequately administer the affairs of the District.

A successful effort for recall will allow the electorate to express their opinions by either sustaining or changing the composition of the Board.

Sincerely,
Homer H. Hyde

particular viewpoint.

But not the news stories.

That's why we took particular umbrage at the letter that also appeared in last week's issue from Herb Wadley, president of the teachers group.

Wadley also criticized our "display" at the board meeting, and our involvment in the recall movement.

Wadley, whose knowledge of human nature and journalism seems to be extremely limited, claimed that our actions "demonstrates clearly that you have abandoned your role as a reporter of the facts"...

He went on to say that we were now helping to make the news rather than merely reporting the news and he requested that we clearly state our prejudiced position preceding all articles involving the school district.

-0-

A LONG TIME AGO WE suggested that potential teachers should be required to take a course in communtiy relations on a grass roots level before graduating from college and before they embarked on their professional career.

We made our suggestion to a college president. He was sympathetic to the idea after we cited examples by chapter and verse of teachers climbing into their ivory tower and then locking the door to the community at large.

We still believe that, if the community relations course we suggested had been adopted, teachers might be more aware that there are other facets than teaching that make up life in a community.

There are people, for instance, other than teachers.

And these people have feelings and "prejudices," if you will.

Of course, we are prejudiced in the present hassle that is taking place in the school district.

Just what would you expect?

Our prejudice shows, however, only in this column and in the editorials.

We resent Wadley's snide implication that otherwise is the case.

But, then again, some people thrive on innuendos without basis of fact.

But, fortunately, they don't run The Campbell Press.

-0-

AND, BY THE WAY, THE record should show that some writers of the letters-to-the-editor that have been published in this paper recently have also allowed their prejudices to show.

Or had you noticed?

We have.

And we have the scars to prove it.

-0-

REGARDLESS OF HOW the ball bounces, even the most anti-recall minded individual might admit under duress that the recall committee that has been formed has done a commendable organizational job in the short time that has elapsed since its inception.

The group, composed of citizens interested in the welfare of the school district, in a businesslike manner immediately keyed in on the basic problem and then went right to the core of the matter.

Obviously it would have been easy to become emotional and go get involved in personality conflicts.

But the citizens group stayed on target and came up with definite conclusions.

The reasons and specific charges on the recall petitions for Eleanor Graham-Armstrong and Ralph Steinberg indicate sincere citizens concern.

The three basic reasons for the recall of the two trustees as specified are: 1) they created a climate of turmoil by voting to permit administrators duties to be put under the responsibility of the board contrary to common practice.

2) They caused delays in reaching decisions vital to resolving the district financial problems and ultimately the welfare of the children by consistently voting with certain other trustees resulting in open conflict among the trustees.

3) They failed to heed warnings with regard to financial matters of the district.

Those charges are worth mulling over.

lice department in the new city hall.

The Council also adopted the amendment to the city's franchise ordinance which specifies the changes in the franchise agreement with San Jose Cable TV. Basically the changes allow the firm to raise its monthly rates and also increases the firm's annual payment to the city.

The Council deferred until Nov. 23 discussion on the proposal made by the Planning Commission that an interim zone be established for all residential zoning districts within the city limits.

The purpose for the suggestion, Dale Scott, Frank Klein and Don Hebard, planning commissioners who were present, told the Council would be to allow the Commission and Council an opportunity to review the master plan.

Recent developments, they pointed out, have indicated that a new study was needed based on drastic changes that have taken place. Council members indicated, however, that it was a step that should not be taken in a hurry. Councilman Doetsch suggested also that a study could be made without the interim zoning.

No official action was taken and the matter was deferred until the Nov. 23 meeting for further consideration.

City Attorney Bonacina reported the wording that would appear on the referendum ballot on Dec. 8. He explained that the wording had been worked out with the two other attorneys involved in the issue, Jules Pearlman, representing Fred Sahadi and Mike DiLeonardo, representing Syufy Enterprises.

The wording:

"Shall Ordinance No. 789, passed and adopted by the City of Campbell on the 27th day of July, 1970, amending the zoning map of the City of Campbell, California, and rezoning the northerly 6 acres, more or less, of land of Winchester Drive-In Theater, Inc., from R-3-S to M-1-S be approved."

facet of the committee.

Hume then read from the recall petitions which charged that the two trustees:

1. Created a climate of turmoil by voting to permit administrators duties to be put under the responsibility of the board contrary to common practice.

2. Caused delays in reaching decisions vital to resolving the district financial problems and ultimately the welfare of the children by consistently voting with certain other trustees resulting in open conflict among the trustees.

3. Failed to heed warnings with regard to the financial matters of the district.

Hume further reported that the petitions had been filed with the county superintendent on Oct. 21 and that the signed petitions should be filed by April 20, 1971.

Betty Piper, precinct chairman, reported that the school district will be divided by junior high schools and these subdivided into individual schools so that each block in the district will be covered.

Petition chairmen who have been named to date include Jan Mestice, Evelyn Wood, Carol King and Bill Parton.

She reported that the petitioners felt they would obtain the necessary 7,000 signatures in 30 days.

Don Nadell, recall committee publicity chairman, reported that it was his group's objective to keep the public stimulated as to goals with strong emphasis on community effort.

Mrs. Lawrence Tober, chairman of the recall finance committee, gave a breakdown on estimated costs of the recall including campaign costs for replacement candidates.

A screening committee to choose possible candidates is headed by Mrs. Betty Stewart, (378-3571). She announced names already submitted and requested that additional suggestions be directed to her.

Questions from the floor from persons sympathetic to the recall asked for clarification on specific charges.

Hume replied that their intent was not to hurt any individual but "in essense, we are firing these people."

Other information which was outlined included a report on election procedures and a notation that candidates selected to run for election must oppose a specific candidate, and that 20% or 7,000 signatures would be needed to call for a recall election.

Eleanor Graham-Armstrong and Ralph Steinberg, as well as members of the Campbell Elementary Teachers Association and West Valley Federation of Teachers, were present at the meeting. They were not recognized by the chairman because they would not state they were in sympathy with the movement.

Mrs. Graham-Armstrong and Steinberg did not seek the floor at any time. They did remain after the meetings and talked to members of the audience individually.

Approximately 113 people were present at the meeting.

Spook homecoming planned at San Tomas

By Dona Marr

It's that time of year again, time to get ready for the Giant Pumpkin to come and bring lots of goodies to boys and girls everywhere.

But the children at San Tomas School, with the help of the PTA, are also making other plans for that magical day, Saturday, Oct. 31. They are busily preparing their fourth annual homecoming carnival for all new and returning spooks and anyone who would like to come and join in the fun.

This year's spook house promises to be one of the scariest ever with everyone pitching in to get it ready for the big homecoming—polishing cobwebs so as to attract bigger and blacker spiders, watering hinges so they will squeak louder, and hanging a skeleton in every closet—to give the place a homier atmosphere.

If anyone feels the spook house is too scary for them, there will be lots of other entertainment and fun to please the whole family.

Ed Kelley will be on hand again this year with his comic puppets and cartoons will be shown between each puppet show.

Out in the graveyard booths will be set up with all different types of games to play and prizes to be won.

Refreshments offered will be hamburgers, hot dogs, burritos, popcorn, sno cones and soft drinks.

There will be a costume parade at 1 p.m. and prizes given to the best dressed spooks. So, everyone, get out a sheet, put on your shroud, and come join in the fun at the fourth annual San Tomas School carnival. Costumes are not a necessity but would help to make the other spooks feel more at home.

The spook house and booths will open at 10 a.m. Puppet shows are at 12 and 2 p.m. The gates will close at 4, plenty of time for everyone to get home to prepare for the arrival of the Giant Pumpkin.

WOMAN OF THE YEAR — Mrs. Alma Fanning, standing left, was presented with a plaque designating her "Woman of the Year" of the Campbell Business and Professional Women's Club. The presentation was made at a dinner at Los Gatos Elks Club by Mrs. Edith Morley, right, 1969 honoree. Nearly 100 persons attended the dinner and heard guest speaker Ruth Church Gupta, San Francisco attorney. Presiding was Dorothy Trevethan, seated left.

Car wash nets research funds

St. Lucy's Youth Council's car wash held recently netted $80, reports their secretary, Jim Hillier.

The funds will be donated to Dr. Norman Shumway's Cardiac Surgical Research Fund at Stanford, in memory of Thomas Lucitt, a member of the original youth group, who died recently.

Fifteen to 20 youngsters were working all day on the activity.

A forthcoming activity of the young people is a dance which will be held in Kennelly Hall, 2350 Winchester Blvd. on Friday, Nov. 6, from 8 to 12 p.m., featuring a band called "Ship of the Sun."

Music theater changes name

There's a new look for San Jose Music Theatre Association, Inc. (formerly San Jose Light Opera) as they proudly announce the opening of their 1970-71 Season membership campaign.

It is primarily through volunteer effort that San Jose Music Theatre can bring musical productions to the San Jose area. They also foster the development of talent, both young and old through workshop activities.

Even though this season marks the 36th one, because of the name change, it's the beginning of a new era for the Association.

The season starts with "Mame" on Nov. 7, 13-14, and 20-21. Feb. 6, 12-13, 19-20 brings "Roar of the Greasepaint – The Smell of the Crowd" and May 1, 7, 8, 14 and 15 will be "Man of La Mancha."

All performances will be held in San Jose Civic Auditorium, Montgomery Theatre.

Individuals interested in supporting this non-profit cultural endeavor and in seeing the shows, are urged to contact San Jose Music Theatre, 458-A Willow St., or telephone for more information, 286-6841.

UNICEF DAY
(HALLOWEEN)
TRICK or TREAT
OCT. 31

CLUBWOMEN AT WORK— Two former presidents of the Country Woman's Club of Campbell met recently - down at the office of the Tuberculosis and Respiratory Disease Association. Mrs. Dean Chamberlin, wife of the Campbell mayor, and Mrs. William Cave spent some time at the Christmas Seals headquarters stuffing colorful little stamps into envelopes for mailing. Victor Calvo, chairman of the Board of Supervisors of Santa Clara County, is honorary chairman for the 1970 annual drive.

Spooks collect UNICEF funds

"Trick or Treat" will take on a special meaning this Hallowe'en for Campbell youngsters who collect money for UNICEF.

Ever since 1950 when one small group of Pennsylvania youngsters turned out to collect $17 to turn over to the United Nations Childrens Fund, "Trick or Treat for UNICEF" has grown to tremendous proportions.

In Santa Clara Valley, almost $16,000 has been collected by local children on Hallowe'en.

Children who would like to participate this week must have parental approval and should contact Mrs. John Hendrycks, 244-2061, Mrs. Sherman More, 378-6889, or Mrs. Ruth Reiter, 378-2535.

Only children carrying an official orange and black carton with the UNICEF symbol of mother and child are authorized to collect.

It's a cold world without UNICEF
UNICEF

TRICK OR TREAT---Tiny Nora Hedrycks is a little too young to go trick or treating alone, but she may be one of many local children who'll take their orange and black boxes to Campbell homes and ask for donations for UNICEF instead of favors for herself.

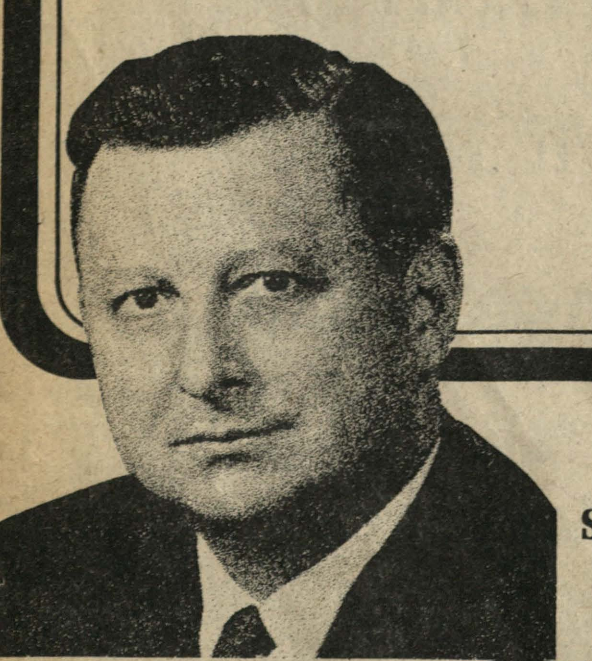
UNEMPLOYMENT

Congressman Gubser has opposed "boom or bust" spending policies.

In 1965 he urged the Johnson administration to start conversion of 10th District industry to non-defense activity.

Courageously, he speaks out against those who seek temporary political advantage and would go too far in compromising our future national strength.

Congressman Gubser is responsible, sensible, and experienced. His defense policy is one of consistency -- not "boom or bust". Consistency means employment -- steady employment.



SOUND... SENSIBLE... STRAIGHTFORWARD!

...A TIME FOR POSITIVE
LAW ENFORCEMENT

In an era of rising crime, leadership in the County Sheriff's Department is at an all-time low. The responsibility rests with the present Under Sheriff, who is campaigning for the office of Sheriff in the November 3rd general election. Our County Sheriff, who announced his retirement early this year, has long since turned over the reins of county law enforcement to the Under Sheriff.

However, the present administration is not coping effectively with the increasing crime rate, uncontrolled campus violence and drug abuse.

Our changing society demands new approaches toward improving and maintaining strong, but just law enforcement. We must restore respect for law and order.

This principle is clearly defined in the constructive programs of Sam Della Maggiore, who has consistently demonstrated his administrative and leadership abilities in more than 30 years of outstanding public service to Santa Clara Valley residents.

Della Maggiore is the only candidate with the leadership and administrative experience to coordinate county-wide law enforcement and provide effective police protection in the un-incorporated areas.

Della Maggiore will make your neighborhood a safer place in which to live.

VICTOR CASTRO AND DAN VALADOR

Assemblyman, John Vasconcellos, and Councilwoman, Virginia Shaffer will debate on Thursday, Oct. 28. The event will be held at Del Mar High School, in the cafeteria. This debate is held not so much as to get votes for either candidate, but as to inform the people of what the issues are and what to expect from the person whom they elect.

If you are sincerely interested in your community and issues which effect it, you should attend this debate and go to the polls with some knowledge of the issues.

This event is sponsored by "Students For Change," a group of students who are trying to better the problems at Del Mar.

Also, on Friday, Nov. 13, in the Del Mar Cafeteria, Interact will hold their "Festival of Life" (formerly the Hootenanny). The price is 50¢ and proceeds will go to an ecology group, working to better the environment. There will be music, flicks, and magic cookies–can you dig it? Branham promotes student spirit

By Sue Mogg and Kathy Moore

Following a new plan this year's Spirit Commission and the BHS student body may be a more closely-knit group.

The spirit leaders are currently drawing up a proposed amendment to the constitution stating that any BHS student interested in the promotion of spirit at Branham High should be a member of the Spirit Commission.

All students who join would immediately be considered members of Spirit Commission, whereas, the elected group, (the cheerleaders, song girls and letter girls) would act as the "executive board" of the commission.

The board's primary function would be to head various activities dealing with spirit. All of the letter girls would be in charge of the school rallies and the song girls, in charge of the entertainment. The Frosh-Soph and Varsity cheerleaders would be primarily concerned with leading cheers and conducting the new white section.

West Valley Sports

By Dick Sparrer

VIKING GRIDDERS

The first time West Valley College and Solano ever met in a junior college football game, the Vikings downed the Falcons with a score in the final 11 seconds. Since that time, West Valley has trimmed the Falcons feathers five more times and will be out to do the same Friday night at Buck Shaw Stadium, at 8 p.m.

Solano lost to a tough Santa Rosa team in their opener and held a pretty good pre-season record before Monterey knocked them off 48-0. The Falcons will be ready and gunning for Viking Friday night when they invade Buck Shaw.

The Vikings smothered the Comets of Contra Costa last Saturday 38-0 at the Los Gatos High School field before an estimated crowd of over 3,000 spectators. Sonny Brasile, a grad of Mitty High, sparked the WVC attack with four touchdown runs and one td pass while Joe Patten (Santa Clara) added two field goals and two point after kicks.

Palako Tuilefano (Peterson) led all rushers in the contest with 116 yards on 16 carries while Frank Gerstel (Prospect) pounded for 83 yards on eight totes, Ed DeLaRue (Santa Clara) 65 yards in 11 runs and Brasile 46 yards in six jaunts.

Brasile was six of 13 for 111 yards including a 31 yard td toss to Kent Raley (Saratoga) with 6:27 left in the first half to give WVC a 23-0 halftime edge. Scott Loomis (Saratoga) hauled in three aerials for 44 yards on the night to boost his total receptions for the year to 25.

The tough Viking defense, led by Pat Orr (Wilcox), Bob Marotti (Campbell), Lance Anderson (Westmont), and Grant Mayfield (Campbell), held CCC to 127 yards total offense and halted their only scoring drive at the WVC six yard line with only a minute left in the first half. The Comets never again threatened.

SOCCER

Two wins last week put West Valley College back into contention for a top spot in the Western Junior College Soccer Conference. Valley holds a fourth place berth with a 5-3 marking as they battle the College of San Mateo Wednesday at CSM. Game time is 3:15 p.m.

San Mateo, a long time power in area soccer, is facing its first season ever as a cellar-dweller. The Bulldogs are 1-6 on the year and were shut-out by the Vikes earlier in the year 3-0.

Virgil Gray, a 1968 graduate of Campbell High, was tabbed as the Viking's Soccer player of the week, last week.

BIG DEFENSE --- Defensive linebacker Grant Mayfield is one of West Valley College's powers when it comes to holding back the offense. The Vikings held the Contra Costa Comets down rather successfully last Saturday. Final score was 38-0.

BEST PLAYER --- Virgil Gray, a 1968 graduate of Campbell High School, was named "Player of the Week" of West Valley College's soccer team due to his performance against Ohlone and Diablo Valley Colleges.

Green Berets still number one

Sunday, Oct. 18, 1000 fans of the PAL League were out to view one of the most competitive football games of the 1970 season.

The Green Beret's were out to defend their No. 1 spot against the Branham Hill Cowboys.

The Beret's were off to an explosive start. Following the initial kick-off, Mark Browning took the ball for an 88 yd. run back, to score the first TD for the Green Beret's.

Having completed 6 out of 11 pass attempts, quarter back Mitch Flynn ran the ball over the goal line for another Beret touchdown. The Branham Hill Cowboys came back to score their well-earned 7 points with a 3rd quarter TD and PAT. During the last minutes of the 4th quarter, the Cowboys were on the march to another touchdown.

However, Green Beret defensive line-backer, Keith Meyers jumped in to recover a Cowboy fumble. Taking advantage of the recovery, the Beret's ran out the clock to a hard fought win of 12 to 7.

NURSERY

Due to a large demand West Valley College is offering a nursery school workshop which started Oct. 26, and will continue until Nov. 23 from 2-5 p.m. The course will be held each Monday afternoon.

The five-week course will deal with the toddler to the five-year-old, their characteristics and the implications for nursery school programming.

Mrs. Evelyn Weisberg, instructor and director of the Child Development Center at West Valley College, will teach the course. In addition, three experts in the field of child development will be brought in during the week for additional lectures.

DANGEROUS DISPLAY--An unusual collection of fireworks, legal and illegal, is displayed on this board which is being used by fire prevention officers throughout the county to dramatically demonstrate the need to impose a county-wide ban on all so-called fireworks.

The top row shows dynamite caps, pinwheels, smoke bombs and three foot long sparklers, and packages of firecrackers.

In the center are some blank cartridge guns (which need not be registered as long as they are used with blank cartridges but are dangerous when stuffed with paper wads).

Other articles include rockets which will fire a quarter of a mile in the air and many homemade grenades, cherry bombs and noise and nuisance makers.

The fire officers also have pictures showing persons who have been injured by handling fireworks.

Movement gets under way to ban fireworks in Santa Clara County

Banning of all fireworks in the county is the goal of the Santa Clara County Fire Chiefs Association, fire prevention officers section.

In conjunction with this movement, the Campbell Fire Department has assembled a display of dangerous fireworks and others that are currently sold legally, which would not be permitted within the county.

The movement started, according to Gene Borden, Campbell Fire Marshal, resulted from a survey which showed that 212 children were injured by the use of the so-called "safe and sane" and other illegal fireworks during the 1970 Fourth of July week with 25% of these injuries occurring in Santa Clara County.

During that same week, 166 fires were known to have been caused by fireworks, resulting in losses to property in excess of $50,000.

Previous research has shown that 12% of all fires are caused by children playing with matches, but during the holiday week this year, the percentage of fires caused by children playing with matches jumped to over 30%.

Currently, five cities in the county do not allow the sale of fireworks. But fireworks stands are allowed in the unincorporated areas and in many cities, including Campbell.

Although children, ages five through ten, buy many of the "approved" fireworks, many children over ten buy material to "make their own."

About 12 organizations within the City of Campbell currently pay $100 fee to set up stands and use the proceeds to finance their activities.

Under the proposed ban, only public displays would be permitted, and then under strict fire ordinance control.

Borden hopes to meet with local organizations and show the display in an effort to persuade these organizations to support the ban.

Persons and organizations who wish to support the ban are urged to write to Campbell Fire Department, 485 W. Sunnyoaks Ave.

A FROLIC OF HIS OWN, by Clement Hoopes (Fiction)

Philadelphia was a dazzling surprise to the young Amos Stolzfus, who had just escaped from the closed-in world of Pennsylvania's Amish people. He had never ridden on a train, never seen an elevator, and he felt uncomfortably odd in his stiff hat and buttonless suit. He knew he could never turn back as he would be forever shunned by the Amish. The story moves swiftly from that first day in Philadelphia in the late 1930's to the eve of the 1960 elections. Mr. Hoopes concentrates on one man's ambition as the Amishman confronts the mores of the fox-hunting and horse show set, the political bosses and the old families entrenched on Society Hill and the Main Line.

HOTEL BELVEDERE, by Elizabeth Corbett (Fiction)

There were times when Florence Field wondered if ever again she would sleep through a night without terrible dreams. The deaths of her mother and grandmother had marked the end of the sheltered, secluded life she'd known, and now, at forty, she faced the world alone. The Hotel Belvedere was a veritable haven for Florence. She fell in love for the first time and accepted a small part in a repertory theater and finds fulfillment as an actress and as a woman.

WHOM THE GODS WOULD DESTROY, by Richard Powell (Fiction)

Thirty-two hundred years ago, the people of a shining civilization apparently set out to prove the truth of the saying that whom the Gods would destroy, they first make mad. This madness was the Trojan War. Richard Powell has gone back to this fabled period to write about Helios, a kitchen boy in the palace at Troy. The story begins two years before the Trojan War, when Helios is eight, and carries him through boyhood and adolescence until he reaches manhood on the terrible night when Troy falls. His search for an identity, for knowledge, and for friendship and love, weaves in and out of the great events sung by the Homeric bards, giving a new perspective and depth to them.

HAWAII, by William Graves (919.6903)

This is another pictorial informational book put out by the editors of National Geographic. There are 200 color illustrations on 204 pages. Just as warm, friendly people and incomparable scenery make Hawaii a favored vacation spot, so an enthusiastic text and superb color photographs make Hawaii a faithful mirror of the islands.

THE BUTTERFLIES OF THE PROVINCE, by Honor Tracy (Fiction)

In her new novel, Honor Tracy is, as expected, witty, incisive and enjoyably funny, but there is also a serious aspect. Miss Tracy focuses on the cruelty that those of privilege casually inflict on the less fortunate. The place is Malaga; the cast, expatriate English ladies and gentlemen still indulging themselves in an illusion that the sun never sets on the British Empire. Miss Tracy directs her delightful wit and humor on the social butterflies of Malaga.

BUSY CREW---Adult education art classes held at Campbell Country Woman's Club are always popular activities. On this day, the class had moved out-of-doors and our photographer slipped up, took her picture and left, completely unbeknownst to teacher Judy Howland.

Letters to the Editor

MELODRAMA

Dear Editor:

The school board of the Campbell Elementary district may put the PruneYard theaters out of business! In this day of inflation, where else can one attend an old-fashioned melodrama, run like a theater in the round, and all for free?

I have attended the last two "melodramas," and had such fun clapping when the "good guys" talked and moaning when the "bad guys" said something.

There is free coffee, lots of cigareete smoke soaring through the air, and generally a relaxed atmosphere.

If anyone in the audience feels like saying something, he or she just waves a hand in the air and starts talking. (Whatever happened to those things called gavels?)

Nothing much seems to get resolved. When an item on the agenda comes up, someone frequently says, "Let's discuss that subject next time."

I am mystified as to how three board members can oust Neal Royer and not give their reasons. I am mystified as to how and why two other board members are kept in the dark about what the other three board members are doing.

Wouldn't it be nice if Mr. Royer rode in on his white charger and declared himself Mr. Clean? Whoever the villains are in this "melodrama," I hope they receive their just rewards.

DESERVES BETTER

Gentlemen:

Campbell has been my home for 18 years. My children are growing up and have attended schools in this district, a district up until a couple of years ago had the best schools in the San Jose area, thanks to such outstanding educators as Jim D'Avis, Neil Royer, Bob Culp and Bill Henley.

I resent, I deeply resent, the underhanded, despicable character assassination of a fine, wonderful man like Neil Royer.

The three board members knew what they were doing when they performed their hatchet job on Mr. Royer.

Where was the "due process" talked aobut in last Thursday's board meeting? Where was the concern for unity? And now, to fall back upon the old phony cloak of "legally we can't do this or that."

You have placed this man in a position where he is discharged as guilty and now you are saying he must prove himself innocent before we have had a chance to even hear the charges.

It took only the board meeting Thursday night to convince me, as I am sure it did many thers, of the ineptitude of the present board.

Campbell schools deserve better. Neal Royer deserves much better than has been done to him and I am going to work just as hard as I can to have the three board members recalled.

RESOLUTION OF INTENTION OF BOARD OF SUPERVISORS OF COUNTY OF SANTA CLARA TO SELL REAL PROPERTY NO LONGER NEEDED FOR HIGHWAY PURPOSES

WHEREAS, County of Santa Clara has acquired for highway purposes certain real property no longer needed for such purposes, such property being more fully described in Exhibit "A", attached hereto and made a part hereof as fully as if set forth at length herein,

NOW, THEREFORE, be it resolved, that pursuant to the authority of Section 960.4 of the Streets and Highway Code, the Board of Supervisors of the County of Santa Clara do hereby declare their intention to offer for sale the above described real property.

BE IT FURTHER RESOLVED that such real property shall be sold subject to the following terms and conditions:

1. The minimum amount which will be accepted for the sale of such property shall be the sum of Twenty Four Thousand Dollars ($24,000.00).

2. The County of Santa Clara has purchased a preliminary title report from Valley Title Company, Escrow No. 149513. The successful bidder may close the transaction through this escrow if so desired at such title company. A copy of such preliminary title report is available for inspection at the title company.

3. All sealed bids shall be accompanied by a deposit in the form of cash, cashier's check or certified check, made out to the order of the County of Santa Clara in the amount of Two Thousand Four Hundred Dollars ($2,400.00). All oral bids from persons not submitting written bids shall be accompanied by a deposit in the form of cash, cashier's check or certified check in the amount of ten per cent of the minimum price specified in this resolution. No bid shall be considered unless such deposit is enclosed or provided therewith.

4. Written bids shall be on forms provided by the County and the bidder must designate in such bid which payment option he has chosen. Before accepting any written bid, the Board of Supervisors shall call for oral bids. Any oral bid must exceed by at least five per cent the highest written bid. In the absence of written bids, the minimum oral bid shall be in the amount specified in paragraph 1. Final acceptance of an oral bid shall not be made, however, unless such oral bid is reduced to writing and signed by the offeror on a form provided by the County and indicating therein which payment option has been chosen.

No commission shall be paid unless there is contained in or with the sealed proposal the name of the licensed real estate broker to whom it shall be paid. No commission shall be paid in connection with a successful oral bid unless the oral bid, when reduced to writing, states in or with such written document the name of the licensed real estate broker to whom it shall be paid.

5. The County may accept the bid of the highest responsible bidder (written or oral) or may reject all bids, as well as waiving any and all defects or informalities in any and all such bids. Any sale may be cancelled at any time prior to the recordation of the deed, in which event all monies deposited shall be refunded without payment of interest. In determining the highest proposal, the Board shall not subtract therefrom any commission to be paid in accordance with paragraph 12 hereof.

6. Within sixty (60) days of the date of acceptance of the bid by the Board of Supervisors, the successful bidder shall (a) increase his deposit to twenty-five per cent (25%) of the amount of the bid in favor of the County of Santa Clara, and in addition, (b) deliver a cashier's check, certified check or the equivalent in an amount of the Real Property Transfer Tax payable to the County Recorder of the County of Santa Clara.

7. Upon receipt of the additional deposit and payment required in paragraph 5, the successful bidder may, in the alternative, meet either of the following terms:

(a) The balance of the purchase price to be paid in the form of cash, certified check, cashier's check or the equivalent in the sum of seventy-five per cent (75%) of the amount of the bid, payable in escrow within ninety (90) days after the date of acceptance of the bid by the Board of Supervisors; or

(b) The balance of the purchase price (seventy-five per cent of the amount bid) to be evidenced by a promissory note by the successful bidder naming the County of Santa Clara as payee or obligee, such evidence of indebtedness to be secured by a first deed of trust (as a first security interest) covering the entire parcel being sold. Such note shall bear interest at the rate of seven per cent per annum to be payable on or before eighteen (18) months after date of recordation of deed. The deed of trust shall contain a clause providing for acceleration upon the alienation of title.

Upon receipt by County of all documents and money provided for in (a) or (b) above, and upon the recordation of such deed of trust, County shall record a deed in favor of the successful bidder.

8. Until the execution of and delivery to the successful bidder of the deed, the successful bidder acquires no right, title or interest or equity in or to such real property.

9. A failure of the successful bidder to increase the deposit or furnish the Real Property Transfer Tax provided for in paragraph 6 above, or a failure to comply with the provisions of paragraph 7 or any other provisions of this resolution shall give County the option to terminate the sales proceeding and retain from such deposit any and all expenses incurred by it and attributable to such sale proceedings.

10. The sale shall be without warranty, express or implied, and shall be subject to all liens, easements and encumbrances, whether of record or not, as of the date of recordation of the deed. The County of Santa Clara does not guarantee the condition of the property, nor does it assume any responsibility for its conformance to codes or regulations of the State of California or the city or county in which the property is located. It is the successful bidder's responsibility to determine all applicable building, planning and zoning regulations relative to the property.

11. Any and all expenses incurred in the transfer of title to such property to the successful bidder, including title insurance, escrow charges and Real Property Transfer Tax shall be paid by the successful bidder, with the exception that the County of Santa Clara will pay for the preliminary title report previously referred to.

12. In the event a commission is to be paid in accordance with the provisions of paragraph 4 above, County shall pay a licensed real estate broker commission in the maximum of six per cent of the purchase price, such commission, however, to be paid only in the event that the Board of Supervisors accepts a bid, only out of monies received by the Board of Supervisors for the sale of the property, and only after recordation of the deed. Such commission shall be paid as follows: Three per cent of the purchase price to the licensed real estate broker submitting the highest acceptable sealed bid and three per cent of the purchase price to the licensed real estate broker submitting the successful bid.

The Gaslighter Theater Dart Team invaded San Francisco, did battle and emerged victor over the Abbey Tavern to gain possession of the Bull & Bush Challenge Trophy.

The field of battle was the Abbey Tavern, a quaint Irish Pub located at 4100 Geary Blvd. The sounds of battle were punctuated with Irish music supplied by the juke box.

The Bull & Bush Challenge Trophy was made by Ken Gilley, owner of the Bull & Bush, 5024 Geary St., San Francisco. Some time ago the Abbey Tavern defeated the Bull & Bush and the trophy moved down the street to reside on the Abbey's wall.

Many teams have challenged in the past including the Gaslighters, but to no avail. Sunday, Oct. 18, not only saw the defeat of the Abbey Tavern, it also saw the first time the trophy has left San Francisco.

The Gaslighter Team, headed by Capt. John Glaze and members Kip Fanjoy, Ben and Jim Macredes, Ted Allen and Bill Sprecher, took the first six matches. The Abbey countered by taking the next four. Each team then took one apiece leaving the Gaslighters ahead 7-5. The Gaslighters then took the last three to wind up with a clear victory of 10-5.

The sound emanating from the Abbey is not the "Wail of the Banshees" but the battle cry of a group of Irishmen who now have to invade Campbell in order to recover the trophy.

Should you be in San Francisco and looking for something different, the Bull & Bush has excellent "fish and chips" and also serves the English delicacy "steak and kidney pie." The specialty of the house at the Abbey Tavern is, of course, "Irish coffee."

In last week's league play, the Black Knight finally came out of their slump to defeat the Banbury Clock II (10-2). Mike Adams and Ken Tenaka were the only Clock players to win their matches. In winning his match, Tenaka had a high score of 123. This only lasted until the final team game when Milt Memmott of the Black Knight shot a 135.

At the Lancashire Lad, it was an exceptional evening for John Forbes of Lad I. John had high outs of 76 and 116, high score of 132, 2 tons (100's) and a 12 dart game. The Lad I team also played a remarkable 48 dart game, that's 1001 in 48 darts. Needless to say Lad I dusted off Lad II (8-4).

Gaslighter Theater II bit the dust under Gaslighter I (8-4) and the Scuttlebutt split (6-6) with the Banbury Clock I. The Butt still holds first place with 31 wins followed by Gaslighter I (30 wins) and Lad I (29 wins). This makes for a very close race in the South Bay League.

IN THE LINE-UP—Jeff Walton, a student at Gussie M. Baker school lines up to tackle the fun at the school's Hallowe'en Carnival to be held Saturday, Oct. 31. His friends aren't identified, but are rumored to be planning to join him.

Baker makes carnival plans

The Gussie M. Baker Annual Hallowe'en Carnival will be held on Hallowe'en day this year.

Saturday, Oct. 31, the school, located at 4845 Bucknall Road, San Jose, will be colored by all manner of costumed children from 11 a.m. to 3 p.m.

According to Mr. Herm Gloria, chairman of this event, this year's festivities will begin with a costume parade and a noon time hot dog lunch will be served under the direction of Mrs. Joe Dennis and Mrs. Joseph Galea. Drinks, snocones and chips will also be available.

The featured highlight of every Baker Carnival is the Cake Walk, held in the M. U. Room and directed by Mrs. Martin LeFevre and Mrs. Jason Jay, assisted by the school's volunteer room mothers.

This gala affair, successful in previous years, promises again to be a fun filled day and the public is cordially invited.

The games will be simple and reasonably priced at five cents each.

Silhouettes of the children made with the help of the Girl Scouts of Baker School, Troop 196, under the direction of Mrs. Edward Aldofonso and Mrs. Ronald Dunham will provide unique souvenirs of the carnival.

The proceeds of the carnival will go toward fulfilling the Baker P.T.A. budget, which this year includes the purchase of overhead projectors for the classrooms.

Moreland encourages facilities use

More than two hundred and thirty-seven different community groups and organizations scheduled 4,443 meetings in Moreland School District's 16 indoor facilities during the 1969-70 school year as was reported at a recent meeting of the Board of Trustees.

Most frequent users were youth groups, parent-school organizations and square dancers. School playgrounds were most frequently reserved for after-school city recreation programs, softball and baseball leagues.

Organizations using school facilities are requested to make formal application at the school office. Data for the report was obtained from school principals at the close of each school year.

Board policy permits and encourages the use of school facilities for community activities eligible under the Civic Center Act.

Last week we mentioned all the problems connected with the dog who isn't properly cared for–barking, loose, etc.

Several questions have arisen about you and your neighbor–and his dog and/or yours.

To preface my suggestions, I'd like to relate a story.

Many years ago I acquired a "second-hand" English pointer. The dog was restless, exhuberant and noisy. Most times I was able to control him, but at one period when I had toddlers to care for, it seemed as though I was equally dividing my time between telling Zan to hush and changing diapers.

The problem, I soon discovered, was that my neighbor was seriously ill and many cars came and went from her driveway next to my yard. And Zan had decided he was watchdog for BOTH houses.

It's bad enough to have a barker but when you know there is a sick person nearby, you are particularly conscious of the added annoyance he could cause.

More and more, I found my only solution was to keep the dog confined to the kitchen–against his nature and mine–but I couldn't bear the thought that his noisiness could add to the neighbor's pain.

One day the doorbell rang and it was the neighbor's nurse. She'd brought a letter which the mailman had, by mistake, delivered next door.

Zan stuck his head out the door and naturally came into the conversation. I explained about his zealousness and asked the nurse to convey my apologies.

It wasn't minutes before she was back at my door. The neighbor was sending a message that she'd appreciate it if I'd leave my dog out more She found his bark reassuring and was delighted that he had elected himself her protector!

Actually, that story tells it all. Try to be the best possible neighbor. Go ASK them if there is any annoyance and try to avoid getting into a feud over his dog and yours.

If you aren't a dog owner and the neighbor's dog howls at the moon, go tell him, he may be a sound sleeper who never hears a thing!

* * *

Remember all summer long when you didn't have time to enjoy that dog training class? Well, you do now! There are at least six good training schools in the valley and most of them have indoor facilities. Many, however, have waiting lists for classes, so you'd better make your arrangements soon!

KENNEDY
For more jobs!
Vote YES on 10.
CALIFORNIANS FOR YES ON 10 Art Linkletter & Tom Bradley Co-Chairmen

If you want more jobs for California, you're for Proposition 10!

Proposition 10 will get our economy going again by making more money available for new homes and apartments, shopping centers and office buildings. And that means more jobs!

How will Proposition 10 do this?

By doing away with California's out-of-date interest laws on *large* business loans (the kind of loans vital to the construction industry)—and opening them up to free competition. New York passed a law like Proposition 10 way back in 1850. That's one reason why California will this year be deprived of ¾ of a *billion* dollars which will go to help New York and 44 other states with more modern laws.

Proposition 10 will change all this without costing you a penny or changing the interest *you* pay in any way. (In fact, it might even lower it in the long run.)

That's why Proposition 10 was passed unanimously by the State Legislature and signed by Governor Reagan. Former Governor Pat Brown supports it. So do business and labor unions. But their endorsements can't make it law without your YES.

So help them by voting YES November 3. You'll be doing a good job for a lot of good people.

ON CAPITOL HILL

with "Charlie" Gubser

As the federal government has stretched its influence to assume traditional responsibilities of local government and individuals, the pressure to solve every human problem with a federal law has grown markedly. I can recall the wave of national revulsion at the Hoffa hearings before Senator McClellan's subcommittee which led to the Landrum-Griffin law. A few years later it was the national move to abolish poverty, then the overpowering public demand for a gun control law, truth in packaging, and truth in lending.

Labor difficulties persist despite the Landrum-Griffin law and there is doubt that, billions of dollars later, the poverty program has done much good.

Gun control hasn't kept criminals from obtaining firearms and housewives rarely stop to notice the information on a can of food required by the Truth in Packaging Law.

We have had a Truth in Lending Law for more than a year and the average consumer is as confused as ever about what credit costs him. In some respects, I think this law has actually increased interest and carrying charges to the average consumer.

"Today you have to run your home finances like a small business," says Sheldon Feldman, a credit and billing expert with the Federal Trade Commission (FTC). "The first thing you have to do is get rid of the misconception that you have 30 days to pay your bill after you receive it."

The Truth in Lending Law administered by FTC does not require creditors to give you 30 days to pay. While most stores were flexible on payment deadlines before the new law, now they bluntly state that you have 30 days to pay from the "billing date" or the "closing date".

With mail deliveries what they are, a bill seldom gets to your home until several days of your 30-day interest-free period have passed. Sometimes you have as little as eight days to make payment, after which you are charged interest at 1.5% per month. This is an 18% yearly rate, which was once considered as usury.

So the credit business has developed into a science. If you shop early enough in the billing cycle, you can get more than 30 days' free use of a product without finance charges and there are other ways of manipulating. But, cutting it too close, not allowing three days for mailing with extra time for weekends, and failing to include your bill stub (which confuses even the most intelligent computer) will sometimes get you into trouble.

Additionally, the Truth in Lending Act has provided great impetus to the use of credit cards which, despite their convenience, must be considered inflationary because they directly or indirectly add to the cost of what you buy.

Unless I miss my guess, the public will soon demand another law to regulate credit cards. I only hope that whatever legislation results will simplify the situation. But if the past is any prologue of the future, it will probably complicate matters.

New laws will always be necessary, but I continue to feel that our statute books and court calendars would be less cluttered and our lives freer and subject to less regulation if we did not automatically conclude that the solution to every human problem is a new law.

All items will be on display starting at 8:30 a.m.

The auction will also feature an experimental flea market operation which will include a variety of mowers, tools, chairs (you fix 'em), photographic equipment, appliances, etc.

The etc. will feature 1200 American flags with 48 stars, and boxes and boxes of old law books, all at 25¢ each.

Melodrama group does things the old way

By Tom Carroll

Rehearsals have already started on the next production of Campbell's own melodrama practitioner, the Gaslighter Theater, 400 E. Campbell Ave.

"The Man From Arizona" will debut on Dec. 4 while the current production "Under the Gaslighter" or "Mother of Pearl" will continue Friday and Saturday nights at 8:30 through Nov. 28.

"Under The Gaslight", written in 1867 by Augustin Daly has for a locale, New York City and the Long Branch and Shrewsbury area of New Jersey. It contains all the elements of true melodrama, the villain and villainess, the hero and heroine, the traditional railroad scene, treachery and skull-duggery.

The mood of the show is typified by the notes on the playbill. "The audience is encouraged, nay, urged to boo and hiss the villain, and villainess, cheer and applaud the hero and heroine." It also admonishes that "Expectorating on the floor will not be tolerated."

Faye and Don Cupp, producer and director respectively, act as masters of ceremonies with musical background ably provided by Robin Welch at the piano forte.

The olio or after-show is reminiscent of old-time vaudeville. A series of short skits, it starts off with "Curley Joe from Idaho" featuring the entire cast in a burlesque of the old west. The classic "Frankie and Johnny" is sung by Linda McKee with pantomine by Lois McKee and Jack Brooks.

Another old timer is "In My Merry Oldsmobile" coupled with "Get Out And Get Under" sung by the ensemble and acted by Billie Goss and Ham Ryder. A more modern touch is "Tiptoe Thru the Tulips" a take-off of the "reducing" parlors.

The Gaslighter melodrama is not only a family show for the audience (children are not only invited, they are welcomed), it is also one for the cast.

The old adage of the children following in their parents footsteps has been reversed here. Both second generation thespians were involved before their parents. Jeanie Mathis plays the heroine to her father Joe's villain and Linda McKee plays the heroine's sister to her mother Lois' "Old Judas" the villainess.

To Jo Aydelotte's reading of "The Lighthouse Keeper" in the olios, the daughter plays the mother and the mother plays the daughter, with Jim McLaughlin in the title role. Are you thoroughly confused? Well, it's two and a half hours of good clean fun and can be seen any Friday and Saturday night (8:30) at the Gaslighter Theater, 400 E. Campbell Ave.

The "green room" of the theater is open every day noon to midnight for your perusal of old theatrical artifacts and the dispensing of brewmasters art. Reservations for the show are advised and can be made by calling 378-9721 or by stopping in the "green room".

PUNKINS AND TOMATOES-- Growing in the garden of Mr. and Mrs. Joaquin Miranda, 190 N. Harrison, are the last of the fall fruits and vegetables -- in this case, pumpkins ready for pie and tomatoes ready for canning.

A BANANA TREE? --- That's what it is, and it's one of several currently producing bananas right in downtown Campbell. This tree belongs to Mr. and Mrs. Joaquin Miranda, 190 N. Harrison, and is a part of their garden which includes many fruit bearing trees.

for peace

RE-ELECT Congressman Charles S. GUBSER
